From alfresco dining to lounging in the sun, guests will enjoy VIVALDI's comfortable outdoor spaces. The main deck aft features a lounge with a built-in sofa and chairs accommodating up to 12 Guests around the table. From here, guests can make their way to the swim platform that directly accesses the water — it is the perfect spot for launching water toys, swimming and sunning. Sunpads on the foredeck are a wonderful place to enjoy the views. The flybridge features an automatic folding roof to provide shade if desired where up to 10 Guests can sit around the table.

The interior of VIVALDI was designed by Nuvolari Lenard. The yacht's large windows provide ample natural light to highlight the yacht's soft earthy color palette and provide views of the destination while guests are enjoying the indoor spaces. The main deck is an excellent place to relax after a day on the water. Forward, a formal dining table welcomes eight guests. The master stateroom is located on the main deck; it has a private, lounge-like feel and benefits from all-day sunlight courtesy of a skylight and ample windows. Four additional guest cabins, including two VIPs and two twins, are beautifully decorated and located below deck. All staterooms feature en-suite facilities.
